	Discussion		Budget committee. It's been decided that we don't need to have a formal committee. We need to let the township know our needs before they do their budget workshop if possible. By the latest, we need to have our financial requirements submitted to them by the Township's March meeting. We discussed any possible needs by Wade Trim and continuing education, printing, publishing, public hearings.
6:50	Discussion		Talked about the January 23rd Community Event. Wade Trim sent a letter to the Planning Commission. This letter is on file with the Township Clerk. It discussed the success of the January 23rd meeting, outlined what was done and discussed a future meeting. Included results from the public meeting. There were polls and other information gathered from the public. This information is on file with the Township Clerk.
